Summary

An experienced fullstack software developer with 6 years of expertise in fullstack web development. Proficient in building scalable, high-performance web applications from front-end to back-end. Strong problem-solving skills with the ability to quickly learn new technologies and apply them effectively. Adept at collaborating with cross-functional teams to develop innovative solutions that meet business requirements. Looking for an opportunity to leverage my skills and experience to contribute to your organization as a fullstack software developer.

Technical Skills

- HTML/CSS
- JavaScript
- Typescript
- React/Next.JS
- Git
- Node.JS/Express
- MongoDB
- SQL/Postgres/Typeorm
